Subscribe for updates

Receive corrections and newly approved years as your calendar app refreshes. Setup help for Apple Calendar, Google Calendar and Outlook is on the website.

Download a copy

Save a month or a year to import into your calendar. Downloads are a snapshot and do not update automatically. You can also print the calendar from the website.

Includes feast days, ferias and commemorations in the general 1962 Roman calendar. Local observances and chapel or parish Mass times are supplied separately by your community.

Available years are shown on the website.
